About CHIPS (/about-chips)

Chhattisgarh Infotech Promotion Society (CHIPS) is the nodal agency and prime mover for propelling IT growth & implementation of the IT & e-Governance projects in the State of Chhattisgarh. CHI PS is involved in the end-to-end implementation of some mega IT Projects like, SDC, SSDG, SWAN, GIS, CHOI CE, e-Procurement etc. A professional approach is being adopted for the implementation of IT Projects using the services of e-governance experts and consultants from corporate and academia.

Chhattisgarh State with wide-ranging socio-economic disparities is now witnessing the ongoing Information Technology (IT) revolution. The Government of Chhattisgarh visions 'Vikas mood mantra, Aadhar loktantra' (Driving Development through Democratic Governance) and believes Information and Communication Technology (ICT) is a particularly important medium for the state in reaching out and improving livelihoods specially for its overwhelming SC / ST population across 44% forest area, which had largely remained untouched by modern development.
